## News From Your TOWN HALL

The question of a City Manager is being brought up again and representations will be made that the City Fathers soon by a half dozen civic organizations soon.

The parking meters are proving themselves to be a blessing to the downtown business men, as you can now find a parking place on either Main Street or Second Street without difficulty. The quarter fines would go well toward the Crippled Children's fund, and we understand a member of the City government will shortly propose such disposition of the funds.

We would like to remind the City that the question of a proper list of properties with equitable amounts for tax purposes would put the City in a much more favorable position for bonds on the sewer system.

Not only should the assessments be fair, but some systems should be devised to add to the list as improvements are made. The cost would be reflected in the immediate future year's tax list. There's a scientific way of doing it and be fair to everyone.

## Baseball Games

The Wild Cats of Palm Beach High have the Golden Rams listed on its schedule for two games. The first will be played at Lake Worth field at night on March 8th, and the return game at Belle Glade on April 2nd.

## Water Tower Installation

A work crew of the Electro-Rust Proofing Company, Dayton, Ohio, has arrived in the city preparatory to installing its system in the two water towers of the city water system.

## Off On Business Trip

Bill Pierce leaves on Friday for Atlanta where he goes to spend a week looking after business in connection with some of his projects.

## Eggs Take Decline

Eggs are becoming more abundant and as a result there mark down in the prices of the hen berries in the local markets.

## Annual Chamber Meeting

The annual meeting of the membership of the Belle Glade Chamber of Commerce will be held at the city hall auditorium next Monday night, March 4th, at 8 o'clock. It is expected that there will be a large company of the members present. The slate of business includes submission of reports from officers, the election of four directors for the Board of Directors, and the general discussion of future plans as may be suggested by the membership. Dues are payable at this meeting.

## Chevrolet On Display

The Glades Motor company has received another of the 1946 Chevrolet passenger cars which is now open for inspection to the public at its showroom on Main street. The management invites everyone to come in and see the new post-war car.

## Lantz Again At Bank

Charles W. Lantz, employed at the Florida National Bank at Belle Glade, before he entered the air service, has been given his discharge and has resumed his work as teller and utility man at the bank. Mr. Lantz was stationed most of his three years in service at the field at Venice, Fla.

## Dr. Simmons At Home

D. S. J. Simmons, who has been a commanding officer in the Navy Medical Corps for the past three years, is again a civilian and has arrived in the city.

He plans to resume his practice here but as yet cannot announce the location of office. The Doc is looking prime, and while he enjoyed his service experience, is again very happy to return to the professional field.

## New Fire Wagons Now Ready For Glade Grass Fire

The Everglades Fire Control truck, ordered by Mr. Bell, put out a fire at the Okelocahoe Migratory Camp last week in about a half day's work, and Saturday he extinguished a fire on the Harley Watson plantation near Lake Harbor.

New heavy fire trucks with the latest fire fighting equipment have been ready for use in the Glades. Only one operator is necessary to handle this equipment, the latest devices being so easily handled that they take the place of a five or six man crew necessary with the old equipment. In addition to this splendid equipment, the Glades has a truck with a two way radio which enables the operator to be called immediately to any fire discovered by the road patrol or called to the attention of the road patrol.

Chief Bender reports that to date they have not had any fires in the Glades. He attributes this to the fact that the lake level has been high all season with high seepage of lake water into the Glades, keeping the ground saturated, and making it difficult for a bad fire to get started.

## East Coast People Will Hear Glades Bands In Concerts

A manufacturers' exhibit, jointly sponsored by the West Palm Beach Chamber of Commerce and the Palm Beach County Research and Development Board, will be held at the Aragon Hall on March 1st through Friday, March 1st, through Thursday, March 7th.

The Industrial Committees of both organizations assure the public of a fine exhibition of the products manufactured in Palm Beach county. On opening night the program will be presented by the Chamber of Commerce Mayor Stanley Peeler of West Palm Beach will officially present the greetings and music will be furnished by the Palm Beach High School Band. The program for the balance of the evening will be:

Wednesday, March 2nd, Lake Worth, Delray Beach night. Inductions of the members of the towns in the south of the country. Music by the Lake Worth High School Band.

Sunday afternoon, March 3rd, Belle Glade-South Bay. Music by the Belle Glade High School Band.

Sunday evening, March 3rd, Pahokee-Canal Point night. Music by the Pahokee High School Band.

Monday, March 4th. Riviera Beach - Lake Park - Jupiter night.

Tuesday, March 5th. Palm Beach night.

Wednesday, March 6th. Tourist night.

Thursday, March 7th. Civic Club night.

Lamar Allen is chairman of the Industrial Committee of the RDEB and R. D. Hill chairman of the Industrial Committee of the West Palm Beach Chamber of Commerce.

The doors will be open every evening at 7 o'clock and on Sunday afternoon at 2 p.m.

## Lions Endorse Civic Community Home Project

No regular guest speaker was scheduled to appear before the Lions club, Wednesday noon, so Chairman Henry Earwood took up the hour by presenting a number of speakers for club confirmation and education.

After some pretty clear thinking, talks had been made in connection with the need and desirability of a civic building for use of all bodies, the club went on record as giving its enthusiastic and full-hearted endorsement toward the project, and recommended its special committee to act with other like committees.

To carry out Lion International's program, a committee will arrange for a ladies night function to be held early in April. The committee: Lions

(Continued on page 4)

## Frost Wafted Away Again; A Sprinkle Helps After Wind

### Car Movement Again Is About As Usual In Root and Leaf Crops

High winds which prevailed over the week did quite a damage to the oncoming bean crop but it blew many of the plants over and out of the soft mud land.

Moore Haven farmers reported a severe frost in that area last Monday morning, which did quite a bit of plant nipping. The cooling of the atmosphere on Monday made the Glades farmers fear a frost, but it did not arrive, so crops are safe for this week.

"Red" Morris, county farm agent, in speaking of Palm Beach county, states that it is the second richest county in America, the county of Los Angeles, in being its neighbor, but that with the progress continuing, Palm Beach will soon be the leader. In the county there are 84,000 acres

Total 85 1439 390 4805

under cultivation, and 74,000

young plants, of which the latter average as just as good

rich and able to produce as the land now under cultivation.

The fact that hardy root produce has been introduced into the farm program, has been the means of holding labor here steadily, as there is plenty of work for all who are already employed, without retraining.

Mounts also is impressed over a plan whereby tomatoes may be shipped from this area, planned, rather than picking and shipping them green. He foresees such a service developed in the near future.

The organ installed is the latest designed church organ important and of considerable size and cost, having been submitted at Moore Haven last week when Eric Bas, of New York and Miami Beach, purchased the Sullivan ranch, located south of Moore Haven, and additional lands from John Tieck and B. O. Woodward.

The organ will make the Bas holdings aggregate around 1000 acres.

Mr. Bass was an instructor at the Carlton air field at Arcadia during the war and became interested in the cattle business, which has resulted in his recent purchase. He will expect to receive money in developments on his tracts and plans to conduct an extensive cattle raising business.

Some of the potato fields east of Belle Glade were leaf nipped by frost on Monday morning, but apparently no great damage was done to the stems of the plants.

There has not been as much iceberg and Boston lettuce grown in this section this season as in some years, but what has been produced has been excellent and has brought a good price. The Borchart, Robin and Seyer plants at South Bay have this commodity. Seyer claims that he has not only harvested his own acreage but has bought from other growers, and the market demand has been excellent.

Some regular guest speakers

were scheduled to appear before the Lions club, Wednesday noon, so Chairman Henry Earwood took up the hour by presenting a number of speakers for club confirmation and education.

## Dance At City Hall Saturday Night

The public is cordially invited to dance to be held at the City Hall Auditorium at 9 o'clock, with an entrance fee of "Pop" 50c. Neil dePampolis, and "Little Doc" Van Langham. A new fashioned cake walk will be featured with ten home baked cakes awarded to the winners. The ladies of the Catholic Church are putting on this dance for the benefit of the Glades club fund, and a small door admission will be charged.

Arrangements are being made by Mrs. J. A. Pike, chairman of the fund, and Mrs. Imogene Fontaine, president of the St. Mary's Altar Society. Mrs. J. B. Jones, Jr., will be in charge of door receipts and Miss Frances Berry and Mrs. Ross Manga will handle the refreshments. Mrs. E. A. McCabe is chairman of the cake committee.

## A Farmer Speaks

Working close to nature, the farmer has learned industrial strikes:

1. Only through hard work can you get production.

2. Only through production do you get something to eat.

3. Most men are as lazy as they dare to be.

4. Most men will respond to incentives and rewards.

5. Most men will not assume responsibility until they have to.

6. The general public has an interest in everything they do.

"Farmers feel that all six of these fundamentals are being ignored," says R. B. Corbett, secretary-treasurer of the American Farm Bureau Federation, outlining them to the Pennsylvania Dairymen's Assn.

"They see the lack of production as the greatest inflation threat that we face."

"They see moves to take away the incentives of management to be efficient and to improve its plants."

"They see moves to give labor a flat amount of income regardless of its productivity."

"They see a constant avoidance of responsibility on the part of labor leaders, and they see an utter disregard for the public interest."

So speaks a farmer, speaking to farmers. It makes sense!

## The Truth About It

You can hear this and you can hear that these days about our American way of life, and about the managers of America's industry who, under our system, have more than doubled the real income—the purchasing power for hours worked—of the wage earner in the last 50 years.

The truth about what management thinks and believes, then, is important. It comes from Walter B. Weisenburger, executive vice-president of the National Association of Manufacturers, who says:

"We stand for production, and for freedom. We think it is unsound for our country to operate with red ink in its books constantly . . . and we don't like the kind of government controls that prevent production and encourage inflation."

"We think management has proved its right to manage. We're strongly in favor of collective bargaining, but we're definitely against the closed shop because we feel that violates the worker's personal freedom."

"We're strongly in favor of competition and anti-monopolistic legislation, but think the labor unions ought to be regulated by Government in the same way business and industry is."

"We believe in an expanding economy—more things for more people at lower prices. Most of all, we believe in the American way of doing things!"

## Faith In America

The calamity howlers are at it again—just at a time when faith in America and its future is most needed.

Our nation is strong. The greatest evidence of our democratic morality and strength is that, though

strikes are hurting every citizen, no responsible group demands that the right to strike be abolished.

Through depression and war we have taken no action which need put any permanent dent in the American way of life, with all its freedoms and at home.

We are a big nation, a young nation, a virile nation—as well as an aggressive nation, when it comes to looking out for our individual interests at home.

It is inevitable that we sometimes tread on one another's toes, and that groups sometimes forget that privileges should be matched with responsibility.

But the public is the arbiter—and the public has a way of catching up with those who play the game in their own way.

## DeMolay Initiates

Okeechobee Chapter of the DeMolay observed initiation exercises at its Monday night session, when James Layfield, Robert Strode, John T. Martin and Billy Jo Leathers were given the honors of the order. The staff will confer the DeMolay degree at its next session, with additional candidates.

The recent dance held at Pa-hokee was such a success, that the Chapter and Rainbow Chapter are holding a like function at the high school gym in the near future.

Phil Clayton, who is attending MIT at Cambridge, Mass., home on a vacation, was pre-

sent and warmly welcomed by his former chapter members. John M. Gledhill was the guest speaker and addressed his remarks to the new class members.

## TWO REGIONAL FAVORITES SPICY AND SATISFYING

### DAYTONA "CHILI-STYLE" FISH

RECIPE: Have 2 pounds fresh fish fillets; 1 large Spanish onion; 1 clove garlic; 1 small can tomatoes; 5 slices green pepper; 1 sprig parsley; chili powder; salt; small cubes pork fat.

Sprinkle fillets with salt and cook to a light golden brown in pork fat. Place pepper slices, onion pieces, browned in pork fat. Place chopped garlic on top of diced parsley, pour tomatoes and sprinkle taste with chili powder. Bake in moderate oven, 325-375° for 20-30 minutes. Serve with toasted saltines, French fries, favorite salad and the favorite regional drink—JAX Beer! Serves 6.

JAX has mailed \$5.00 to Mr. John B. Wood, Daytona Beach, Fla., for this excellent recipe. Send us your regional recipe suggestion and \$1.00. Address: Recipe Editor, JAX Brewing Co., Jacksonville, Florida.

### Sparkling Golden JAX Beer!

Greet your dinner guests with a great beer—JAX! Yes, let the tempting, delicious goodness of this fine regional drink of Friendship give extra appeal to your favorite regional foods. Serve Daytona "Chili Style" Fish along with tall, frosty glasses of rich, sparkling JAX beer—and sit back and wait for applause. Rich in flavor, aroma, color and body... brewed especially for Southeastern tastes, JAX is a truly great and distinctive beer. Have plenty of JAX on hand always. It is a never-failing hit with guests. Enjoy JAX by itself, too, whenever you want satisfying refreshment.

Say JAX!  
You can't buy better beer  
at any price!

# PIANOS

SEEING IS BELIEVING

Visit our store and modern shop, manned by experienced, expert piano technicians and tuners. See for yourself how thoroughly our pianos are renewed inside and out. Why our pianos are the very best available. See how we convert fine, small (shipped-in) uprights into modern spinet type instruments. Play them and actually appreciate tone quality, ease of action, possessed by pianos having string length, adequate sounding board area, direct blow action and full hammer stroke. We invite your inspection without the least obligation to buy. Also we have just received a large shipment of fine used uprights. These are being regulated and tuned and are available for immediate sale or rent.

## HANDLE WITH CARE

We're working mighty hard these days on a big job we've got to deliver—our \$300,000,000 expansion program. It's an all embracing program that will provide better telephone service and telephone for all who want them.

The job ahead of us is one that must be handled with care. The vast sum of money involved places a heavy responsibility on both management and employees. It will be spent wisely and cautiously and with the same care that has always characterized your Telephone Company's operations.

There is also the responsibility of maintaining adequate earnings so that the funds needed to build more telephone facilities can be secured. The money will have to come from us in the past, from thrifty people putting their hard earned cash in the Telephone Company. But unless they have confidence in the safety of their investment and feel assured of a reasonable return on the investment, new funds for future telephone expansion will not be forthcoming.

So it is easy to see that telephone earnings have a direct bearing on the future of telephone service.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY  
*Frontier*

Paul P. Harris

The first Rotary Club in the world was formed in Chicago on February 23, 1905, by Paul P. Harris. The club at first suggested the form of organization to a few friends and with them instituted the club. Three years later the second Rotary Club was organized, in San Francisco, and by 1910 there were sixteen clubs whose representatives met in Chicago that year for the first interclub meeting. In 1912 the convention of the National Association of Rotary Clubs was formed. Two years later, to provide charters for Rotary Clubs in Canada, Ireland and England, the International Association of Rotary Clubs was formed, and in 1922 this name was shortened to Rotary International.

On January 28, 1946, there were 5,638 Rotary Clubs with a membership of 259,385 Rotarians. On that date, there were 3,381 Clubs in the United States, 738 in Latin America, 534 in Great Britain and Ireland, 209 in Canada and 576 in other parts of the world. Twenty-one of these clubs, with 445 members, are inactive in war-affected countries.

Wherever Rotary Clubs are located in the U.S.A. or the Union of South Africa, in Sweden or Switzerland, in China or Chile, in any of 66 countries and geographical regions—the activities of Rotary Clubs are

pretty much the same. Here are some typical activities:

Community betterment undertakings such as the sponsorship of recreational centers for youth, crippled, physically handicapped, crippled children clinics, playgrounds, camps and clubs for boys and girls; local charity relief work; community beautification work.

The promotion of correct standards in business and professional ethics and close cooperation between management and labor; assistance to students through scholarships and student loan funds; conducting of vocational training classes for young men.

The development of international good will and understanding through correspondence with other Rotarians and other personal contacts; and the study of history, economy, and culture of other countries; contributing to relief funds for war victims; and study and discussion of postwar reconstruction problems.

### New Phone Book Shows Increase for Belle Glade

Delivery of the new telephone book for Belle Glade has been completed. A total of 4,000 copies were delivered to local homes and offices, according to Mr. A. R. Whidden, manager for the Southern Bell Telephone and Telegraph Company.

The new directory has a gray cover, the same color cover as previous directories, due to the fact that a different color cover could not be obtained. Mr. Whidden requests telephone equipment by calling "Information" 1-11 if the number is not listed.

The old directory should be turned over to the scrap paper collectors along with other waste paper at the first opportunity.

### LIONS ENDORSER

Continued from page one

Pugh, Boone and Harris. Action was also taken to arrange and plan for the 1946 Lions Club activities at an early date.

Announcement was made that owing to no place to reside, we were likely to lose State Patrolman Carlisle as a citizen and officer locally. This problem was or will be solved, as all felt that his departure to Pahokee would be a decided loss.

Three new roadside Lion signs have been erected on the outskirts of the city; and arrangements are made for the civic club sign at Twenty Mile bend.

Buster Willis, a former Lion, and a returned Army man, was given a warm welcome back by his fellow friends and Lions.

### Air Conditioning For City Hall Building

The City Commissioners have decided that the city hall needs air conditioning and has given the Glades Appliance Corporation a contract for installing two fans in the commission chamber, which will also care for the downtown ventilation. The cost of the installation will be \$978. The corporation has the necessary equipment on hand and will soon start installation work.

### Not Sufficient Land

When a survey was made of the land available for the raising of the new jail annex, it was found that there was not sufficient space to erect the proposed building without encroaching on the right of way of the Everglades Drainage district. However, by tearing down one of the small additions to the present house, space can be provided for the annex, under a revised building code. The commissioners state that when the

annex is built it will not have a tie-in with the present city hall structure, contrary to reports to that effect.

### Local Rotary Club Celebrates 10th Anniversary

On Feb. 23, 1936, with Dr. W. B. Braddock, president of the local Rotary Club, received its charter from Al Marshal of Clearwater, then District Governor. Last night, with all ten past presidents present and joined by the Rotarians, the tenth anniversary was celebrated.

The group of 110 persons witnessed the delivery of pins to nine members for ten years of uninterrupted attendance by President L. M. Studdiford of the West Palm Beach Club and five pins by President Luther Jones to three members.

Hamilton M. Wright, original member and owner of the newspaper bearing his name, showed news clippings and recited some of his adventures in three continents in his picture making business.

President Luther Jones presented to the Club an autographed portrait of each of the ten Presidents, with the suggestion that each succeeding President add his picture to the collection.

The ten Presidents are as follows: W. J. Buck, ten-year pin; "Buzz" Granger, ten-year pin; W. R. Hooker, ten-year pin; A. E. Kirchman, ten-year pin; Leo Betzner, ten-year pin; J. O. Darden, Jay Jameson, ten-year pin; Dick Townsend, Joe Fredrick, ten-year pin; and Luther Jones. Others receiving ten-year pins are Ralph Premer and Arthur Wells.

Five year pins were presented to Thomas Breger, Ralph Kidder and George Farnall.

A dinner followed the program.

President and Mrs. Jim Elliott of the Palm Beach Club; President Otto and Mrs. Bleach of the Pahokee Rotary were guests. President and Mrs. Risk of the Belle Glade Lions were prevented from coming by illness.

### Our Scouts Win In Field Day Contest

The members of the Belle Glade and Pahokee Boy Scout troops, to the number of thirty, had a fine outing and field day at the recreational park last Saturday and that wind-up cookout was not the least important event of the day.

An hour was spent in contests of skill, and glory be, the Weller lads carried off most of the wins.

The contests were between patrols and troops.

Belle Glade won honors in the knot tying, jump the shot, dodge ball, swimming, 50 yard dash, while the contest ended with a tie. In the dash event, Henry Fears was first, Houston Connell of Pahokee second, and Lee Burke third.

### Laymen To Conduct Sunday Services

Sunday, March 3rd, will be Laymen's Day at the Community Methodist Church. The Laymen will have complete charge of the services and will give the message at the 11 o'clock hour of worship. Everyone is invited and will be welcomed.

### Had Sunday Outing

Mr. and Mrs. I. E. Hamilton of the Glades Appliance and Mrs. Ted Daniels of Lake Harbor, enjoyed an outing at Devil's Garden in Hendry County last Sunday. They caught a lot of fish and had an outdoor fish fry before returning home.

### Donations Generous

There is one institution in Florida to which most people gladly make annual donations, and that is "Daddy" Flagg's Home for the Homeless in Jacksonville. The citizens of Glades over the state amounted to \$77,000. Here in the Glades the following amounts were contributed: Belle Glade \$381, Pahokee \$369, Canal Point \$204, Chosen \$30, Lake Harbor \$10.

CHURCHES OF CHRIST, SCIENTIST

"CHRIST JESUS is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, March 3.

The Golden Text is: "Behold, I will raise up unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth . . . And this is the name whereby he shall be called, THE LORD OUR RIGHTEOUSNESS" (Jer. 23:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "He came unto his own, and his own received him not. But as many as received him, to them gave he power to become the sons of God, even to them that believed on his name" (John 1:11, 12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "Christ expresses God's spiritual, eternal nature, and the spiritual truth which Messiah, and alludes to the spiritual which is taught, illustrated and demonstrated in the life of which Christ Jesus was the embodiment" (P. 333: 9-13).

**The Home is the Place Where You Live and Enjoy Your Life**

Who has a better right to enjoy the good things of the day than a home owner? Many have planned and hope to make drastic changes in their home furnishings, and nothing will brighten the home like new furniture and household electric appliances.

Why not list your requirements and then submit it to us to supply, as soon as market conditions will permit? This shortage of goods is not going to last forever, so be in on the ground floor when merchandise is available, and you will be doing a wise act.

Disappointments have come very frequently to merchants during the war and since, and we have suffered along with others in that line, so bear in mind that we cannot do just as we would like in our line of goods.

## WE CAN OFFER YOU NOW

Metal covered kitchen stools, with white, black and tan leatherette covers.

Two-burner electric hot plates.

Unfinished cabinet drawer chests.

Walnut wardrobes.

Pictures, Mirrors, Beds and Mattresses.

We also do general electric contract work, radio and household fixture repairs at our warehouse over in the Terminal Allotment.

**The Glades Appliance Corporation**

Boree Block

Belle Glade, Fla.

**Creech Garners A Banner Crop on Ritta Farm**

R. Y. "Bob" Creech, who started farming on his 310 acre Ritta Island farm the middle of January, is now all but finished with his mid-winter crop as he has but two blocks of first picking beans to harvest.

Mr. Creech states that he has had the finest mid-winter crop of beans that he has grown in almost ten years of farming in the Glades. His water tables have at all times been under control due to his effective drainage and pumping system and weather conditions have remained favorable.

At the beginning of the season he predicted a 40,000 hamper crop, which has been exceeded, as to date he has picked 45,000 hamper and still two blocks to harvest. This makes in excess of 150 hamper to the acre, an excellent yield for a winter crop. Notwithstanding his enormous yield and excellent grade of Tendergreens, Florida

beans and Black Valentine beans, Mr. Creech admits that he has operated at a loss period due to the restrictions of the OPA and the poor markets prevailing all during the winter harvesting season.

At prevailing labor, harvesting and selling costs this crop means an enormous turnover in cash. At the present conservative estimate of \$1.25 per hamper harvested to produce, it would mean a \$100,000 turnover with the grower holding the short end of the stick.

The island tract is but one of Mr. Creech's farming ventures as he raises a fall and spring crop of tender vegetables on the mainland and a leafy vegetable crop in mid-winter. He also grows a large amount of cabbage as he was forced to plant under 200 acres of cabbage which had been grown at heavy cost. A slight brush the field which experts assured Mr. Creech was in the seed and not the fault of his ground or his methods of cultivation. This was borne out by the fact that the seed of the green bean purchased from one seed company all affected while that grown from seed purchased from another house showed no signs of infection.

**Introduces Plan To Prevent Use Of Company Cars**

It has been noticed lately that all of the U. S. Sugar Corporation cars, pick-ups and trucks have recently been redecorated and now sport three wide yellow stripes across the front of the hood and a big yellow sunburst logo. The sunburst logo is stenciled on the rear door, making them extremely conspicuous day and night, or coming and going.

Some little curiosity as to the meaning of the new decorations has been expressed and has brought about the statement that President Clarence R. Bishop, who has been active manager of the corporation during the illness of Mr. Moran, noting that Sugar Corporation cars, trucks and even pick-ups, were much in evidence on streets and highways after

**WE TAKE PRIDE IN OUR OFFERINGS TO THE PUBLIC**

Because we know that they are clean and sanitary, and the sources from which they originate, namely, Glades arms and the big lake waters.

Our poultry comes from an established poultry farm at South Bay, whose owner knows how to produce prime poultry.

Our fresh water fish come from Lake Okeechobee, caught in our own nets, and have our personal supervision from the docks to the store and to your tables.

When you want Oysters, Shrimps, and other sea foods and sea fish, we have them for you.

We make a specialty of supplying poultry and fish for special parties, barbecues and home use.

## C. A. Whitman Jr. & Son

### AIN-CARVE

Mr. and Mrs. J. S. Aly announce the marriage of their daughter, Miss Edith Aly, and Jack W. Carve of Milwaukee, Wisconsin, on Saturday, February 23, at the Calvary Methodist Church in Lake Worth.

The wedding took place in the presence of the family and a few friends. Rev. A. B. Peck, former pastor of the South Bay Community Methodist Church, and of the bride, officiated a simple but beautiful service.

The bride was attired in a white lace suit with an armband and wore a shoulder corsage of white orchids, a

white felt off the face hat and white accessories.

Mrs. Carve has lived the larger portion of her life at South Bay and is a graduate of the Pahokee High School with the class of 1938, and of the Florida State College for Women with the class of 1940.

For four years she has been employed at Camp Blanding in a secretarial capacity. She was a popular member of the younger set in South Bay, prominent in church and 4-H Club work and honor student at the Pahokee High School.

The groom has recently been discharged from the army after five years of service, the last two with the 182nd Infantry Band at Camp Blanding.

The young couple will make their home in Milwaukee where Mr. Carve is employed as a music teacher.

We are informed by B. F. Fearns that he will also remodel the front of the Fears hotel during the summer, providing some 15 or more double rooms to his hotel, in addition to a number of new apartments over at the rear of his Avenue A properties.

It is now going to be baseball which will attract the Golden Ram athletes for the coming season. The manager is Mr. Walter Coach Cooks may have his team is yet to be proven, but if the lads show as much adaptation to this game as they have for football and basketball, we ought to have a good team.

"Buster" Willis, the former Herald newspaper man, who has been serving Uncle Sam in the Pacific area, dropped into town on Tuesday and naturally paid a visit to his old stamping grounds, and was given a very cordial welcome by the entire staff.

## Home Demonstration Club Has Meeting

The Woman's Home Demonstration Club met at the home of Mrs. J. I. Freedlund Thursday afternoon with Mrs. T. E. Edler presiding over the business session and program.

Miss Bertha Nill Hausman, county home demonstration agent, reported on the recent county canning demonstration by Miss Isabel Thorsby. Late decorations, and displayed products of the demonstration including guava butter and paste, calmondin and other citrus preserved products all put up without sugar, using either white or colored syrup. These products were served with crackers as part of the refreshments that were served at the close of the session.

Mrs. Thomas Bregger reported on the county leaders home improvement demonstration by Miss Virginia P. Moore, of the Extension Education Service. She displayed stencil patterns for curtains and household linens using patterns from life, put on with spatter painting.

There was also a display of painted stencils used on curtains made from table cloth that were decorative, and patterns for making felt pocket books, luncheon sets and other attractive accessories and home decorations.

Announcement was made of a two day sewing school by Miss Joyce Bevis, on the 2nd and 3rd of March. This school will be conducted in the Oberheobeh Camp sewing room and one afternoon will be devoted to the regular March meeting of the Belle Glade club at the home of Mrs. H. E. Earwood at the camp. Each woman attending the school will bring her own project and materials, also sandwiches for her lunch. Definite time will be announced later but it will be on or near March 21-22, if possible.

During this business session it was decided to change the hour of meeting back to 3 o'clock as that hour seemed to be more acceptable to more members than 2:30 as at present.

It was also voted to have the secretary send telegrams to the Florida State Senator and Congressman Pat Cannon asking support or the bill to continue federal aid to school lunch rooms since, if aid is withdrawn the lunch rooms will have to be self supporting, the price for school lunches will have to be raised and a large increase will make it difficult for the children who need the lunch the most, to patronize the school lunch room.

Mrs. R. V. Allison will be co-hostess with Mrs. Earwood for the March meeting. The April meeting will be an all day session with pot luck luncheon at the home of Mrs. W. R. Hooker in Chosen.

Delicious refreshments were served by Mrs. Freedlund, Mrs. Thomas Bregger assisted by Mrs. Roy Barstow and Miss Carolyn Freedlund. Guests of the club included Mrs. Anna J. Hahn of Muscatine, Iowa, Mrs. J. C. Schuck of Hartville, Ohio, and Mrs. R. S. Donaldson of Perropolis, Pennsylvania, recently moved to Seabrook Bay. Mrs. Donaldson joined the club. Other present included Mrs. William Guignard, Mrs. Norman Hayslip, Mrs. N. T. Nielsen, Mrs. H. Lyngholm, Mrs. H. C. Wilhitis, Mrs. E. M. VanLangenham, Mrs. E. W. Mutchler, Mrs. Walter Testrake, Mrs. Helen J. Brinkley, Mrs. Mahala Staelin, Mrs. R. L. Morris, Mrs. W. T. Elder, Mrs. W. R. Hooker, Miss Margaret West, Mrs. L. W. West, Mrs. Bryant McLeod, Mrs. M. M. Sabiston, Mrs. R. W. Kidder, Mrs. Thomas Bregger, Mrs. G. F. Barstow, Mrs. Roy A. Barstow, Mrs. E. H. Boruchowitz, Mrs. Mary J. White, Mrs. R. S. Burr.

## Accepts Court Directive

The Supreme Court of the state upheld the action of the Palm Beach County commissioners in holding that the Board of County Commissioners had not followed the letter of the law when it recently made a revision of the five commissioner districts. The court told them to do their work over, and apportion the county into more equal basic of population.

The Board is now planning on doing as the courts direct, and on March 7th will meet to accomplish that duty. It may result in some of the present Glades district being added to other districts.

## Modelling Store

Royal's Inc. is making a number of renovations in its Friendly Style Shoppe and is adding a new line of men's haberdashery, and will expand the department housing its exclusive dress shop.
